
 PLATFORM RELEASE · 2026

The climate mission control, now open to everyone.

Our biggest platform upgrade yet — every sustainability tool, **instant, no login walls**, plus a brand-new ESG Assurance Studio.

[➤ INSTANT ACCESS](#)[🛡️ ASSURANCE STUDIO](#)[ISSB S2](#)[GHG PROTOCOL](#)[SAGE AI](#)

— NO BARRIERS • JUST ACTION

Zero friction. Open. Build. Go.

We removed the login wall. Every module opens in seconds — sign in only when you want to save your work.

Instant tool access

01

Open any of 7 modules immediately — no account, no gate, no waiting.

Sage AI, always on

02

Your embedded sustainability intelligence layer, ready the moment you land.

Optional sign-in

03

Create an account only to save engagements, trackers and reports across sessions.

 INTRODUCING

ESG Assurance Studio

Everything your team needs to prepare for — or run — a sustainability assurance engagement, calibrated to today's standards.

A · READINESS

Readiness Scan

10-point gap analysis with jurisdiction-aware classification.

B · MATERIALITY

Materiality Calc

Planning, performance & trivial thresholds on your tCO₂e base.

C · DATA

Data Quality DX

7 diagnostics flagging PASS / RISK across your inventory.

D · EVIDENCE

Evidence Pack

Sector-aware PBC lists generated for your engagement.

E · LIFECYCLE

Engagement Tracker

18-week, 6-phase workflow with saved progress.

F · REFERENCE

Standards Guide

Searchable glossary of assurance terms & frameworks.

BUILT ON THE STANDARDS THAT MATTER NOW

Audit-grade, by design.

ISSA 5000

The new **global sustainability assurance standard** — the studio's backbone.

AASB S2

Australia's mandatory climate regime — **Group 1, 2 & 3** readiness & the assurance glide path.

ISAE 3000
/ 3410

Established assurance frameworks for **non-financial & GHG** subject matter.

GHG
Protocol

Scope 1, Scope 2 (location & market) and the **15 Scope 3 categories**.

ONE PLATFORM · SEVEN MODULES

Not a dashboard. A control system.

MODULE - 01

ISSB / AASB S2

Disclosure builder for S2 climate reporting.

MODULE - 02

GHG Accounting

Scope 1 · 2 · 3 inventory engine.

MODULE - 03

Climate Intelligence

TCFD / TNFD scenarios & MACC pathways.

MODULE - 04

BRSR / Taxonomy

SEBI BRSR & MAS taxonomy advisor.

MODULE - 05

Carbon Credits

ERC-1155 exchange on Polygon.

MODULE - 07

Assurance Studio

ISSA 5000 engagement toolkit.

NEW

BUILT FOR THE ASIA-PACIFIC TRANSITION

Three markets. One **command deck**.

Calibrated for the most complex regulatory shift in sustainability history.

Australia

AASB S2
NGER · Group 1–3
